### PRACTICE AREAS

Dispute Resolution, Corporate and M&A, Intellectual Property

### EXPERTISE

Chen has been providing legal services including dispute resolution, legal advisory for complex special matters, and general retained legal counsel to a number of large state-owned enterprises, government agencies, listed companies and high-quality local private enterprises since the commencement of her legal practice. Her areas of expertise encompass, but are not limited to, dispute resolution, real estate and construction engineering, corporate and M&A, and intellectual property. She particularly specializes in handling dispute resolution cases and non-litigation projects involving sophisticated legal relationships and significant commercial interests, demonstrating a proven ability to independently manage complex and challenging matters with successful outcomes.

Chen boasts a solid grounding in legal theory coupled with extensive practical experience. She excels at analyzing and resolving complex issues, and demonstrates a conscientious and responsible work ethic along with an enterprising spirit of continuous improvement. Since embarking on her legal career, her work has earned full recognition from both clients and peers in the profession.
